AGMTDG20	<b>Metro Detergent A1 Laundry D'tergent</b>	Detergent A1 is surfactant/detergent-rich liquid detergent made for use in industrial, institutional and commercial laundries. It works together with its companion products Sour Soft and Hypochlorite to provide a complete system with the flexibility to wash all kinds of fabrics.	20ltr
AGMTBW20	<b>Metro Breakwash A2 Laundry</b>	LAUNDRY BREAK functions as a break wash and also as the builder-adjunct to the companion products LAUNDRY DETERGENT and LAUNDRY BRIGHTENER. LAUNDRY BREAK has a high content of alkalinity which makes it ideal for use as a breakwash to prevent protein soils from setting. It has very good emulsification and suspension properties to leave washed articles cleaner and brighter. DO NOT USE ON WOOLLEN OR SILK GARMENTS.	20ltr
AGMTSS20	<b>Metro Sour Soft A3 Laundry SourSoft</b>	LAUNDRY SOUR is added to the final rinse to neutralise any traces of alkalinity in the fabrics. By restoring pH to the correct level, the washed articles are conditioned for the finishing process such as drying and ironing. pH control is especially important in preventing rolling in the flatwork ironer. Also, LAUNDRY SOUR prevents the possibility of residual alkalinity in the garments from causing reactions in people with sensitive skin. LAUNDRY SOUR is suitable for use on all fabrics and both whites and coloureds.	20ltr
AGMTDS10	<b>Metro Destain 200 Powder Pre Soak</b>	PRE-SOAK POWDER is a detergent with the germ-killing power of 4% available chlorine. It is used for cleaning, sanitising and removing stains in kitchens, laundries, bathrooms, hospitals and nursing homes.	10kg
